- Reading for general and specific information about water pollution
- Reading for specific information about English speaking country
- Reading for specific information about how to prepare for a natural disaster
- Reading for specific information about future way of communication
- Reading for general and specific information about future roles of science and technology
- Reading for specific information about life on another planet.

Writing

- Writing a paragraph about causes and effects of a pollution type
- Writing a news schedule for a visit or a tour
- Writing a news report on a natural disasters
- Writing an email using netiquette
- Writing to give opinions about the future roles of science and technology
- Describing people on another planet

II. PRACTICE

1. Review exercises in workbook

2. Example test.

I. Choose the word whose underlined part is pronounced differently

1. A. unkind B. kindness C. impure D. machine
2. A. imbalance B. unable C. unhealthy D. impolite
3. A. athletic B. dramatic C. scientific D. heroic
4. A. medical B. hospital C. politic D. electric

II. Choose the best answer

1. Air....., together with littering, is causing many problems in our cities today.
A. pollute B. pollution C. polluting D. polluted
2. The road in front of my office is always when it rains heavily.
A. to flood B. flooding C. flood D. flooded
3. Singapore is famous for its and green trees.
A. cleanliness B. cleanly C. cleaning D. clean
4. In some English speaking countries, turkey and pudding are food at Christmas.
A. national B. historical C. traditional D. possible
5. The USA has a population of 304 million, and it's the third country in the world.
A. smallest B. largest C. narrowest D. highest
6. The roof of the building in a storm a few days ago.
A. damaged B. was damaged C. has damaged D. has been damaged
7. A severe tropical is called a typhoon.
A. drought B. rain C. flood D. storm
8. As soon as the floodwater down, people their houses.
A. went - cleaned B. had gone – cleaned
C. went - had cleaned D. had gone – had cleaned
9. If I were you, I do something to prevent him from littering.

- A. would B. did C. will D. do
10. Earth by the gravity of the Sun and orbits around it.
A. holds B. is held C. is holding D. held
11. By the time we to the cinema, the film had started.
A. gets B. had got C. has got D. got
12. When the policeman came there, the robber
A. had left B. has left C. left D. was left
13. All people who were without homes in the flood were provided with accommodation.
A. short B. temporary C. present D. instant
14. Seven of ten people prefer face-to-face when having a date.
A. language B. contact C. code D. sign
15. When thermal pollution happens, the water temperature in streams, rivers, lakes and oceans
A. changes B. keeps C. remains D. stays
16. Australia is home to animals like kangaroos and koalas.
A. only B. rare C. unique D. precious
17. If you were the president, what you do to help the environment?
A. will B. did C. would D. do
18. The Maori in New Zealand greet each other by their noses.
A. touching B. punching C. blowing D. rubbing

23. By the time the police (come)....., the thief (leave).....
24. After I (finish)..... the lesson, Lan went out.
25. This house (build)..... in 2015.

V. Reading

1. Read the text about Alexander Graham Bell and do the tasks

Alexander Graham Bell is widely known as inventor of the first telephone. He was born on March 3rd, 1847 in Edinburgh, Scotland. When he was 23, Bell emigrated to Canada with his parents and the next year moved to the United States to teach deaf-mute children. With his colleague Thomas Watson, Bell worked very hard on the experimentation to invent devices such as the harmonic telegraph (used to send multiple messages over a single wire) and

phonograph (used to draw the shape of the sound waves). The first telephone communication was said to have happened between Bell and Watson in 1876 while Bell was at one end of the line, and Watson worked on the telephone in other room. The first transmitted words were, 'Mr Watson, come here. I want to see you'

a. Decide if the statements are T or F

1. Alexander Graham Bell is Scottish.
2. He spent all his life in Canada
3. He worked with the deaf when he moved to the USA
4. He wanted to create a device that can transmit human voice
5. He was able to succeed right from the first experiment
6. He worked on his inventions all by himself

b. Answer the questions

1. What is Bell's 'harmonic telegraph'?
2. What is Bell's 'phonograph'?
3. When did the first communication over happened and how did it happen?

2. Read the following text carefully and choose the correct answer A, B, C or D for each of the gap.

Ewan McGregor was (29)..... in Scotland in 1971. He decided to be an (30)..... when he was only nine and he (31).....his first film in 1992.
